Good Model for a Healthy Lifestyle

Communicates each days procedures and objectives

Came into a dysfunctional department: Lack of teamwork, leadership, and a very difficult time communicating with each other...

Mr. Khalouf got the team to complete tasks, worked with colleagues to collect information from the past and to improve it, organized the department, got essential materials/equipment.

Ken it was truly a pleasure having you take the role of the department head at Tilden. You have really brought ten times more than the above to our department. You have personally made me once again proud of department and happy to come to work each day at Tilden.

Areas of Improvement:

Make sure that it is essential if we meet in the morning...I like to have uninterrupted time in the morning.

Keep moving forward with everything you have started

Relax

Delegate

Not every instance needs a piece of paper associated with it

What has worked this year with instruction and our department?

Continuity of class procedures are better

Organization! Helped to make sure we are all on the same page and work as a team.

What changes would you like to see made for next year?

Fitness Fridays

Class Sovereignty

Put electives at the end so we get to know our students before we mix

Priorities established for Teachers

Mission Statements

Promote the importance of activity and movement in the development of healthy life choices

Our physical education department mission is to develop each student to his/her fullest potential in both mind and body. We teach the students how and why the body moves and help to promote the mental and social development of students through a wide variety of physical activities.

To give students an exposure to as many healthy activities and information to improve or stay physically fit so that they will be able to enjoy a healthy life style after they leave Tilden.
